CLASSIFICATION OF ATTACHMENT

The attachment is classified and thus contains information affecting the national defense of the United States within the meaning of the espionage laws, Title 18, U.S.C., Secs. 793 and 794, the transmission or revelation of which in any manner to an unauthorized person is prohibited by law.

The Department of Defense limits dissemination of this material to those: (a) "cleared" for this classification, (b) on a "need to know" basis. It is requested that similar constraint be placed on its dissemination while in your custody.

When not in use, material of this classification is stored in a safe or safe-type steel file cabinet having a three-position, dial-type, combination lock.

When the need for this material has expired, it should be returned by authorized courier to the originating office for disposition.

In the case of Top Secret material only. --

Department of Defense regulations require that a record be kept of the names of all individuals having knowledge of the information contained herein. While this material is in your custody, it is requested that similar records be kept.
